BLOCK: All over America, more millions are asking for Chesterfield....
the milder cigarette, and to keep pace with that ever-
increasing demand - Chesterfield is building a new factory
at Durham, North Carolina, in the heart of the new
TobaccoLand. Soon this modern factory will provide more
millions of Chesterfields for more Chesterfield smokers.
Last night, you heard one of these Chesterfield smokers,
Paul Henreid, who is co-starring with Joan Bennett in the
Eagle-Lion picture, Hollow Triumph, tell you in person
about Chesterfields when he said: "You've seen me smoke
a great many cigarettes on the screen. All of them are
Chesterfields. I like them because Chesterfields are
Milder....It's my cigarette." So friends, make yours
the ABC cigarette - that Always Milder, Better Tasting,
Cooler Smoking....Chesterfield - the Milder cigarette....

TOM: He's a swell actor alright ... and he sure gives a fine performance in his latest picture, the Eagle-Lion production, Hollow Triumph, in which he co-stars with Joan Bennett ... and, say Peg, do you remember him in Now, Voyager?

PEGGY: Remember him? I saw it four times!

TOM: We were talking about that picture Tuesday ... and I asked Paul about the trick he used in that movie ... remember ... lighting two cigarettes at one time?

PEGGY: You should have seen Dave try that!

TOM: The whole country was doin' it ... Pegg.. and Paul Henreid said ... "Well, Tom, when it comes to-smoking the only thing more satisfying than lighting a Chesterfield is lighting two Chesterfields." Friends, once you try Chesterfields, I believe you'll feel the same way Paul Henreid does about them ... so ABC - Always Buy Chesterfield - a better cigarette because it's milder - therefore the Best cigarette for you to smoke!
